

HERE'S HOW IT WORKS

An hour and a half prior to serving time, a Seaside trained service crew will arrive & set up at requested location. They will then prep & prepare ordered entrees & service your guest by requested meal time (typically takes an hour and a half to two hours.) Once the service is concluded, they will pack up and leave within 45 minutes.

Seaside's BBQ Catering consists of one or two 3 feet BBQ grills, one 6 foot prep table and one 6 foot service table (where sides and services will be made available to your guests.) Additionally, a pop up cover tent can be provided upon request.

- 40 persons on-site minimum/ 15 persons drop-off minimum
- Disposable plates, napkins, utensils & wetnap are provided for onsite catering
